

D10

ONCOLOGY, HEMATOLOGY & STEM CELL TRANSPLANT UNIT

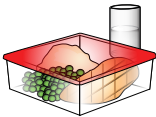

Family room with kitchenette

The Family room is a dedicated area for families to rest and rejuvenate. It includes a television, computer, couch, telephone, dining table and kitchenette. A fridge and microwave are available for your use. Join us in the Family room for our weekly Tea Time, seasonal parties, info sessions and much more.

Important

The hallway kitchenettes are reserved for staff to prepare special foods for patients.

To lessen the risk of infection, all food that is brought into your room must stay in your room.

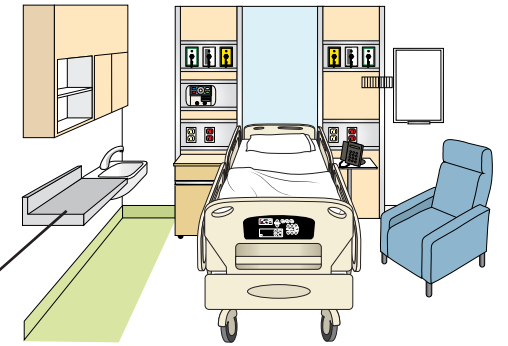

Medication carts

Please do not disturb the nurse at the medication cart so that he/she may prepare your medications safely.

Patient room

Each single-patient room includes a private washroom with shower, television, WIFI connection, storage area, telephone, sofa, recliner and a whiteboard that can be used to communicate with the staff.

Important

The cabinets and sink on the side of the bed are reserved for staff use. Please use the patient designated storage area and sink in the bathroom.

To lessen the risk of infection, please keep your door closed at all times.

Patient-family resource corner

Take a look at our collection of resources to better understand your family's health as well as information on our cancer workshops and supportive services. It is located around the corner from the public elevators. For a wider collection, stop by the new **Cedars CanSupport Learning Resource centre located at D RC.13029.**

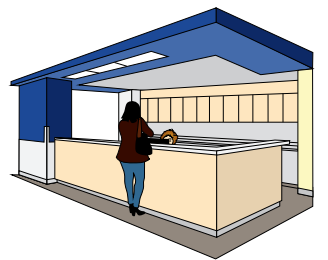

Work stations (Staff use only)

Telephones and computers in the hallways are for staff use only. Please use the computer and telephone in the Family room.

Nursing stations

If you have any questions, please do not hesitate to contact the nursing staff and unit coordinator available at the nursing stations.

Public washroom

To protect you, the washrooms in the patient rooms are reserved for patients only. Visitors should use the public washroom located next to the Family room.
